Key Insights

1. Technology leads revenue at $836K and Tables sub-category is actively losing $17.7K
2. Only 8,058 of 9,994 orders are profitable — 19% of all orders lose money
3. West region shows consistent growth — November is peak month on the trend chart
4. High Value orders (>$500) represent a tiny fraction of the funnel — worth investigating
