KEY INSIGHTS | January – April 2025 (May data partial — 1 day only)

1. Laptop A13 is the most profitable product at ₦105.3M — nearly double second place Sofa Classic at ₦69.2M. Prioritize stock and promotion.
2. Peter is the top performing sales rep at ₦434.8M — 9% ahead of Musa at ₦397.7M. Study his approach and replicate across the team.
3. April was the peak month with 536 customers — the business is growing month on month from January to April. Strong positive trend.
4. Port Harcourt and Lagos together account for 52% of total COGS — investigate whether operational costs in these cities can be reduced.
5. Blender B10 generates the lowest profit at ₦6.87M despite being a low cost product. Review whether it is worth continuing to stock.
